ZKTeco

ZPad Plus

Time Management Solution with Android OS

Android OS	Events	Multiverification	Battery

ZPad Plus is ZKTeco's newest multi-functional data collection terminal with Android platform and newly integrated Z-ID fingerprint sensor.

ZPad Plus is a smart Time Management terminal that offers a variety of identification and information management solutions and it is specially designed for workforce management, building and office entrance control and security. It has a 7-inch touch screen display, comes equipped with an internal battery and features wireless communications via Wi-Fi and Bluetooth.

ZPad Plus also has three different powerful versions: ZPad Plus, BioTime Web and ZPad Plus Cloud. In combination with **GoTime Cloud**, our cloud-based Time Attendance Management Software solution, your attendance and employee data will be always available and secure in AWS. Users will have access to attendance events and management, being able to set different user privileges.

IT'S A PERFECT SOLUTION FOR:

Time Attendance
Conference Management
VIP Identification
Warehouse
Visitor Management
Smart building

AVAILABLE COLORS:

ZKTeco

T&A APP INSIDE

Enjoy our easiest "Plug and play" solution BioTime Web, a web-browser Time Attendance application that manages all terminal data in real-time, allowing you to manage your employees' schedules from anywhere in the world without additional software.
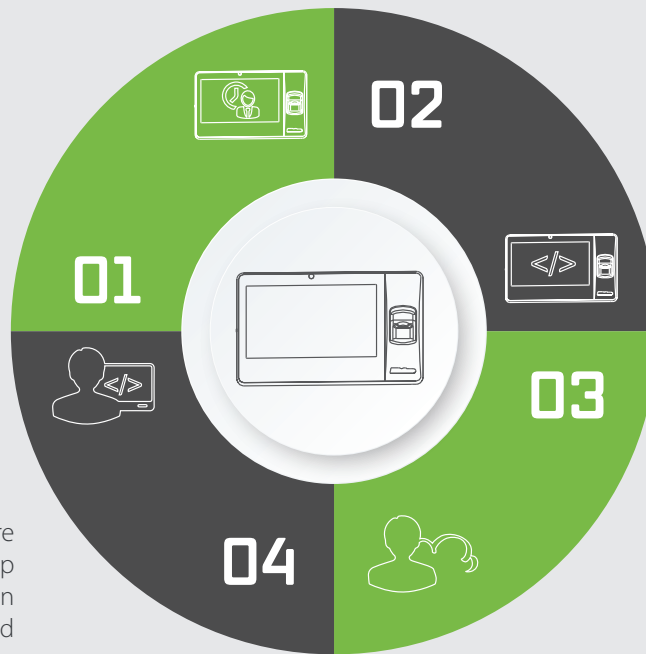

YOUR OWN APPS INSIDE

We provide all tools necessary for developing your own apps to upload onto the ZPad Plus, and correlate with software and server synchronisation applications, to enable unique in-house solutions.
